James Moore, Jr

Principal

Congratulations to the class of 1981, Many thanks for your contributions to our school and our lives. We hope that Central High has prepared you to meet your opportunities for success. You spent much of your time here digesting information but we aim to inspire your own pursuit of knowledge and happiness. Central gives you education not for it's own sake but to enrich your life.

"Education is not learning, it is the exercise and development of the powers of the mind, and the two great methods by which this may be accomplished are in the halls of learning or in the conflicts of life."

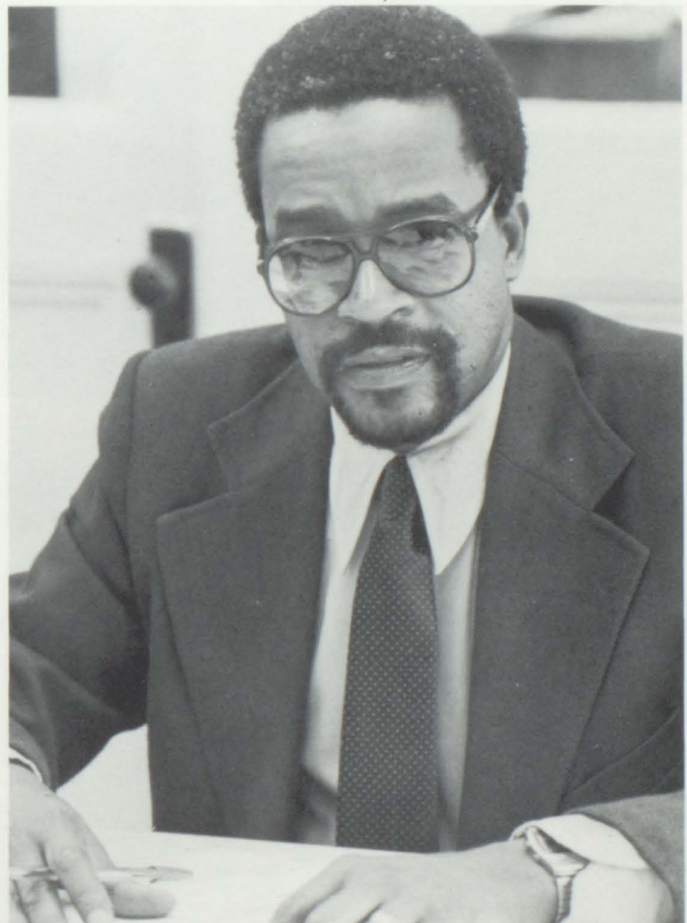

Mrs. Corrina Kay, Vice Principal

At Central High our students not only grow to learn but also learn to grow. Our learning does not take form only by completing and remembering lessons but also by learning to be responsible citizens. When they meet their obligations to the school, the school fulfills it's obligations to the student.

We go along with the philosophy of Wendell Phillips who once said . . . "Responsibility educates."

The Written Word

ENGLISH

"Words are both better and worse than thoughts, they express them and add to them; they give them power for good or evil, they start them on an endless flight, for instruction and comfort and blessing, or for injury and sorrow and ruin." — Tyrone Edwards

The prime goal of the English Department is to improve the communication skills of Central's students. Our programs are determined by reading scores. We have special programs for future engineers, N.J.I.T. for science oriented and S.T.L. for humanities oriented students.

Life in Other Lands

FOREIGN LANGUAGES

Foreign countries and their inhabitants come into our living room every day. In this world of travel we meet people from different nations all the time. Events in far away places affect us all. For these and many more reasons learning a foreign language is more and more essential. It is our goal to teach our students to be as proficient as possible in at least one other language of his choice.

BILINGUAL PROGRAM

The Bilingual Program has two educational components, E.S.L. and the Bilingual component. E.S.L. students learn not only to become proficient in the English language but also to become acculturated to the American way of life. While learning the basic academic subjects in the native language they avoid academic retardation during this transitional period.

BUSINESS EDUCATION

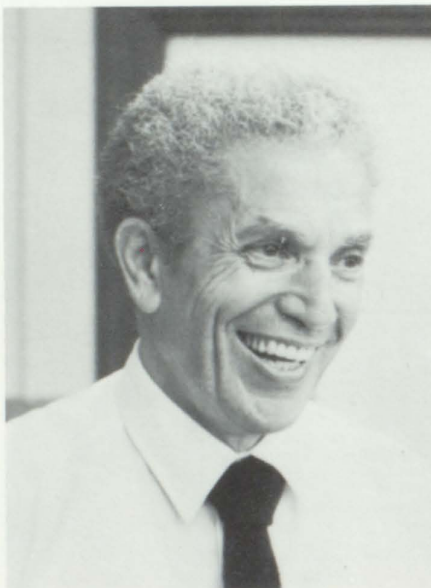

Students have the opportunity to learn vital skills to prepare them for the world of work. Learning begins with basic business courses and progresses through the areas of accounting, stenography and typing. Even if college is planned, business helps. We have two specialized courses, office orientation and work study. The office orientation is a simulated office where students learn various phases of business. This is an upper grade course followed by office practice. Work study students go to work each afternoon in our business community using skills learned in our business courses.

MATHEMATICS

The Mathematics Department is geared to meet the needs of all our students. Our courses range from the very general to the highly specialized. The future needs of our students can be fulfilled with courses such as General Math, Algebra, Geometry, Trigonometry and even Calculus. Also one interested in an industrial field can gain from our offer of Technical Applied Math. Whatever the student's plans, our math department offers a wide range of courses designed to aid in his chosen field.

New Technology SCIENCE

Science becomes more important to everyone as society becomes more technological. The search for answers is on-going through examination and experimentation. The Science Department introduces courses to ignite the spirit of Science. We offer Physical Science to further acquaint the student to his physical surroundings, biology to present facts of plants and animals, Chemistry to bring lab experience, and Physics to show relationships of intangible existences.

The Essential Truth

HISTORY

The Social Studies Department this year is continuing our association with two of our local institutions. We have an N.J.I.T. History Program and our S.T.L. classes are associated with Essex County College. The Department is also pleased with the number of students who are taking a Civics course which was reintroduced a short time ago after an absence of twenty years. Our students at Central High School are learning to live for the future by examining the past.

PHYSICAL EDUCATION

Well rounded students become that way by living well rounded lives. Our Physical Education courses stress individual as well as team participation in activities. Our students gain timing, coordination, endurance and maintain a high level of condition. The aquatics activities at Central are especially appreciated by the student body. Here we learn a skill and exercise that can carry us through the remainder of our lives. Physical fitness is for everyone, always.

HOME ECONOMICS

Home Economics helps students deal with life at home now and in the future. This department not only offers the basic sewing and cooking courses but extends its programs to include classes in child and family care, designing, etiquette and crafts. Many goodies are created. The Hostess Club, sponsored by Mrs. Juanita Hobbs, has had numerous occasions to utilize their skills for the enjoyment of others.

... The Beat Goes On

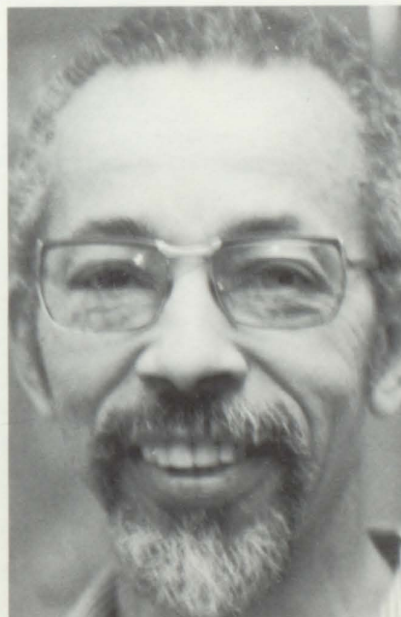

MUSIC

The Music Department curriculum consists of band, chorus and theory courses. Mr. Johnson directs the marching and concert band which entertains the public and student body throughout the year at various activities. Students participating in our band begin with basics and are then further encouraged to explore the many aspects of their talents. Courses in chorus are offered by Mr. James Weston and give students with talent in the vocal area a chance to express themselves through singing. Theory, which is also an important part of our well rounded music department, is taught by Mr. James Gainer.

Creation

FINE ARTS

Creativity lies dormant in the soul of almost every human being. It is just awaiting a chance for expression. One of the department's most important concerns is to encourage creativity and promote the use of the student's imagination. This is done by introducing various media and techniques.

Hail to the Chief

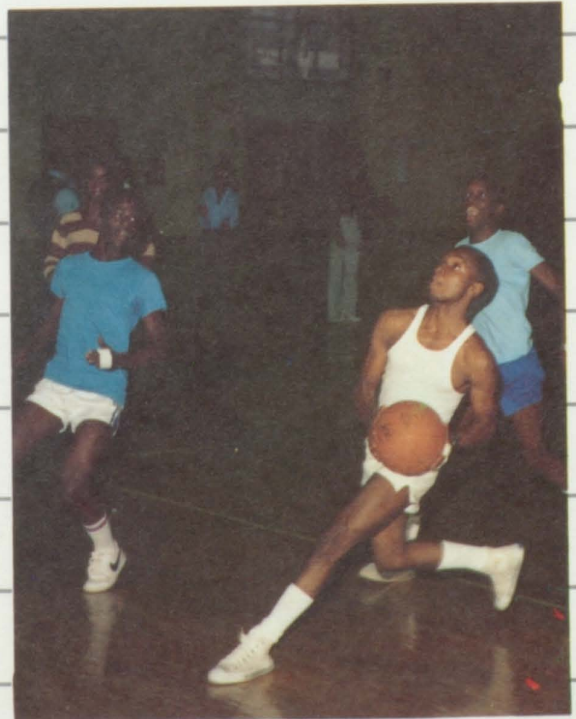

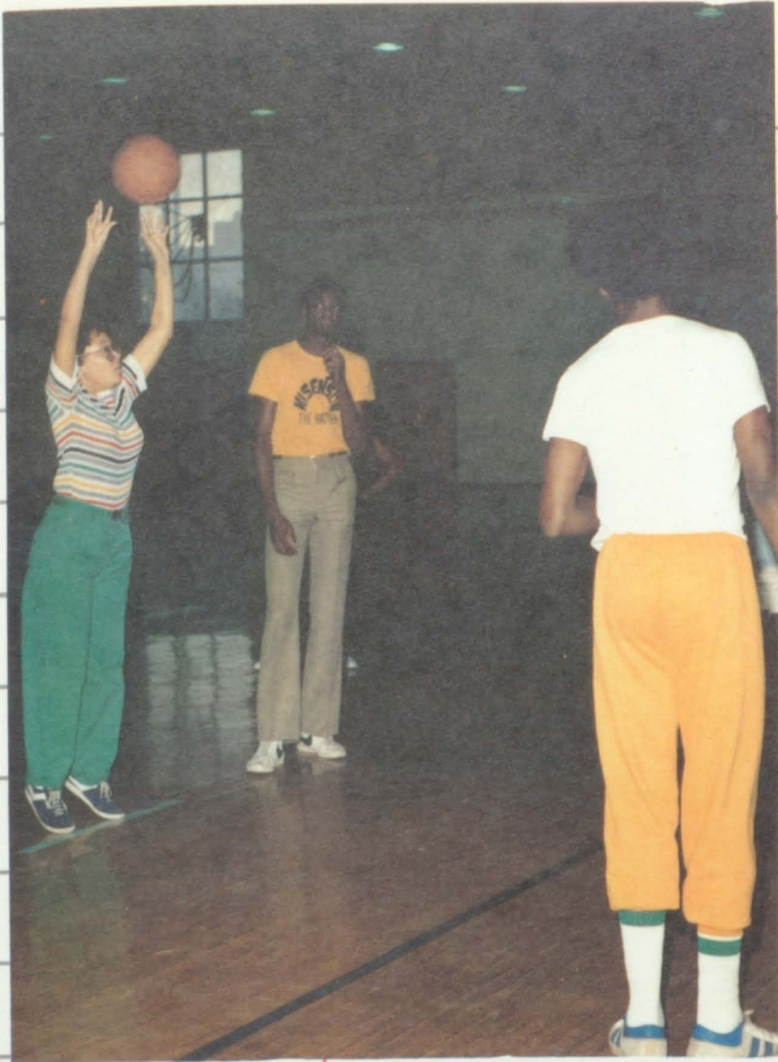

Our fine city received an honored guest — President Jimmy Carter. And we were honored with the invitation and opportunity for our band to greet the President and address him with "Hail to the Chief." This event was memorable and one that will serve as an inspiration to all of us at Central High.

A Bummer Of a Day

Is this Central High School? The halls and classrooms seem filled with tramps, loafers and other vagabonds. Oh, now I remember, it must be Bum Day. Bum Day — our way of breaking the hum drum routine of everyday school life. We try to maintain high, school spirits in many ways. This is one of the students' favorites. It's a day when conventional dress codes are thrown out the windows and we dress the part of Bums that we will not become.

Our High School Years Consist of Many Moods

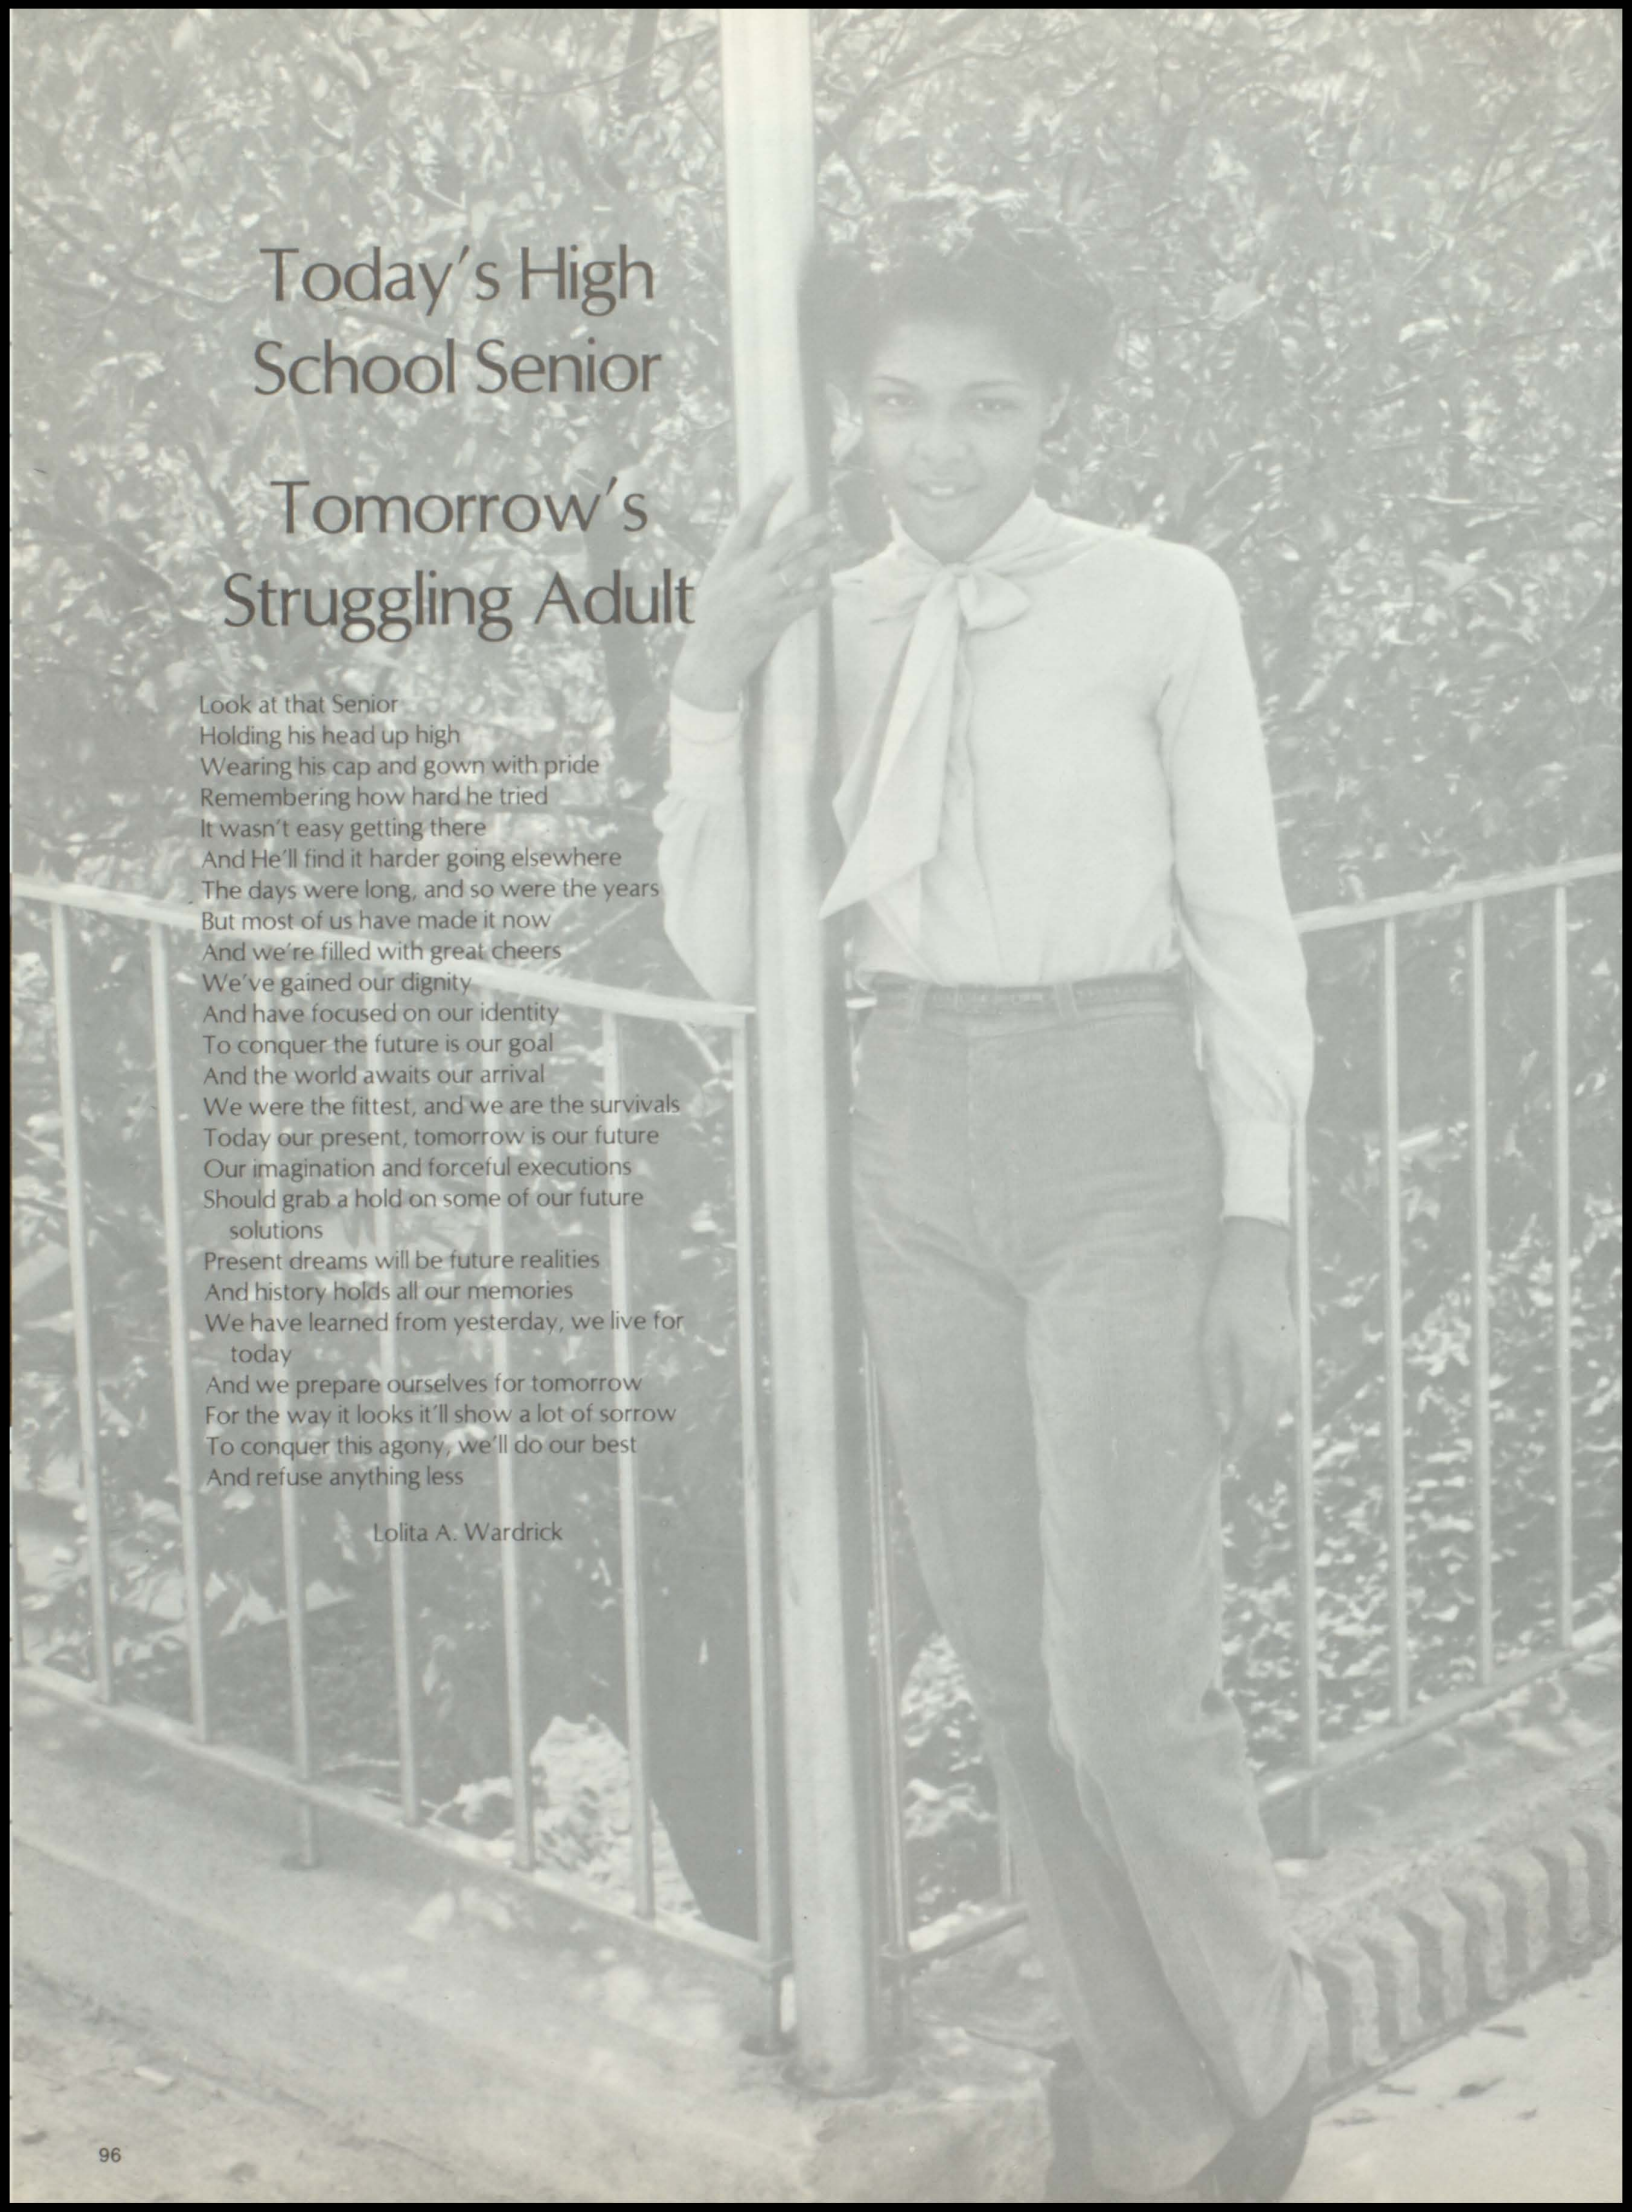

Our growing and sharing
was not confined to the
study halls and
classrooms.

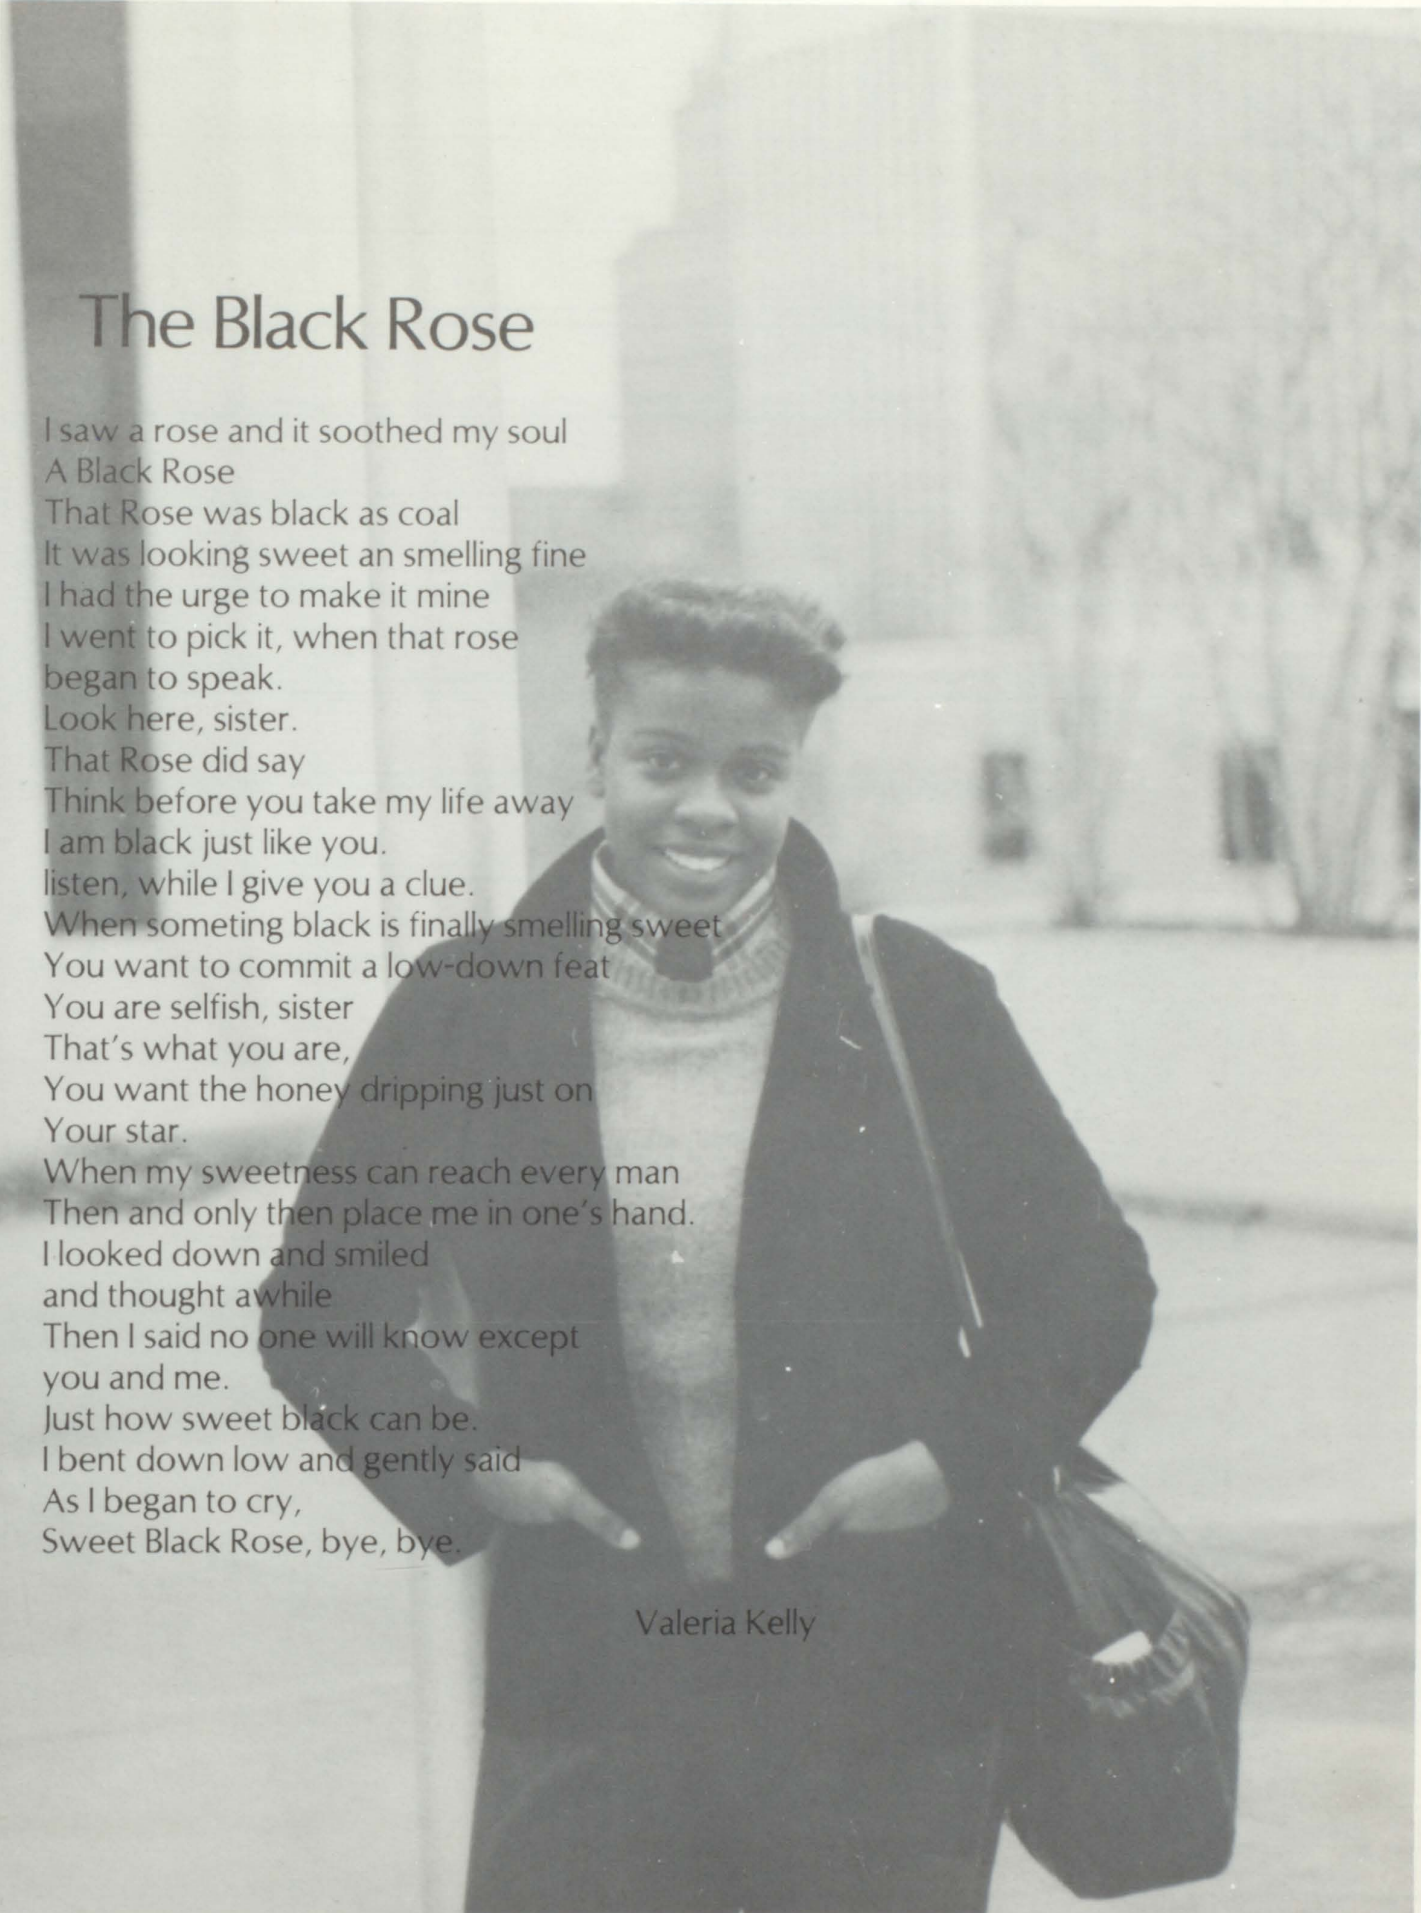

Today's High School Senior

Tomorrow's Struggling Adult

Look at that Senior
Holding his head up high
Wearing his cap and gown with pride
Remembering how hard he tried
It wasn't easy getting there
And He'll find it harder going elsewhere
The days were long, and so were the years
But most of us have made it now
And we're filled with great cheers
We've gained our dignity
And have focused on our identity
To conquer the future is our goal
And the world awaits our arrival
We were the fittest, and we are the survivors
Today our present, tomorrow is our future
Our imagination and forceful executions
Should grab a hold on some of our future
solutions
Present dreams will be future realities
And history holds all our memories
We have learned from yesterday, we live for
today
And we prepare ourselves for tomorrow
For the way it looks it'll show a lot of sorrow
To conquer this agony, we'll do our best
And refuse anything less

The Black Rose

I saw a rose and it soothed my soul
A Black Rose
That Rose was black as coal
It was looking sweet an smelling fine
I had the urge to make it mine
I went to pick it, when that rose
began to speak.
Look here, sister.
That Rose did say
Think before you take my life away
I am black just like you.
listen, while I give you a clue.
When someting black is finally smelling sweet
You want to commit a low-down feat
You are selfish, sister
That's what you are,
You want the honey dripping just on
Your star.
When my sweetness can reach every man
Then and only then place me in one's hand.
I looked down and smiled
and thought awhile
Then I said no one will know except
you and me.
Just how sweet black can be.
I bent down low and gently said
As I began to cry,
Sweet Black Rose, bye, bye.

Best Year Yet

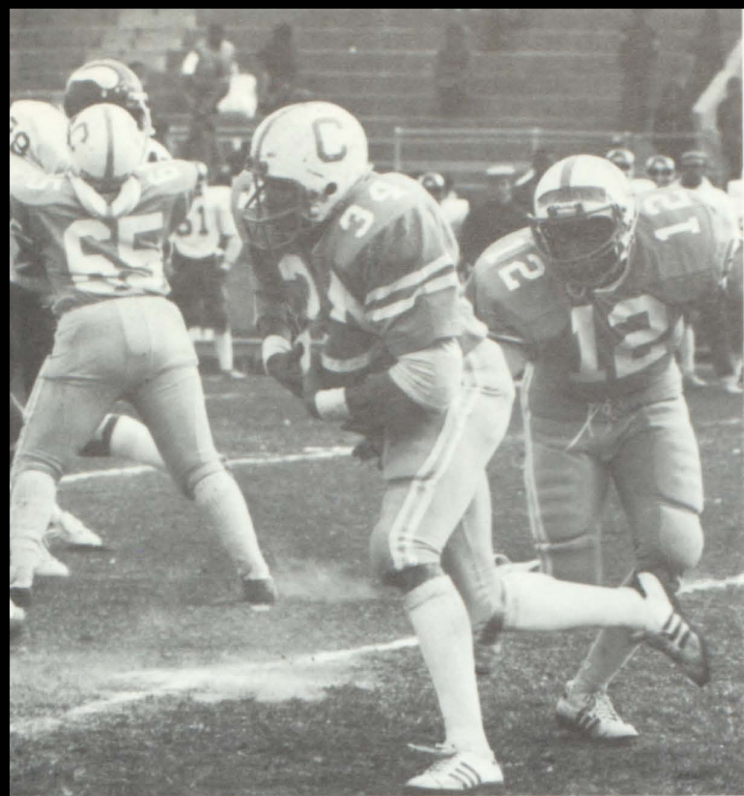

The Blue Devils football team exceeded the expectations of both the fans and coaches. Guided by head coach Anthony Russell and assistant coaches Judge, Riddles, Hooper and Stewart, the squad had a good season of six wins and three losses. Although injuries to starters, Al-Tarig Jacobs and Gary Askew slowed the team down but they had a successful season. Highlighting the season were two exciting games. Against a strong Orange team the Blue Devils defense pulled through and emerged with a 20-19 victory. Jacobs almost single handedly destroyed the South Brunswick defense with 170 yds., and 2 T.D.s. Defense stalwarts are John Huff, Eric Dawson, Edward Thompson, Earl Covington and Gary Askew. All coaches predict an excellent season next year with many lettermen returning.

Homecoming Queen '81

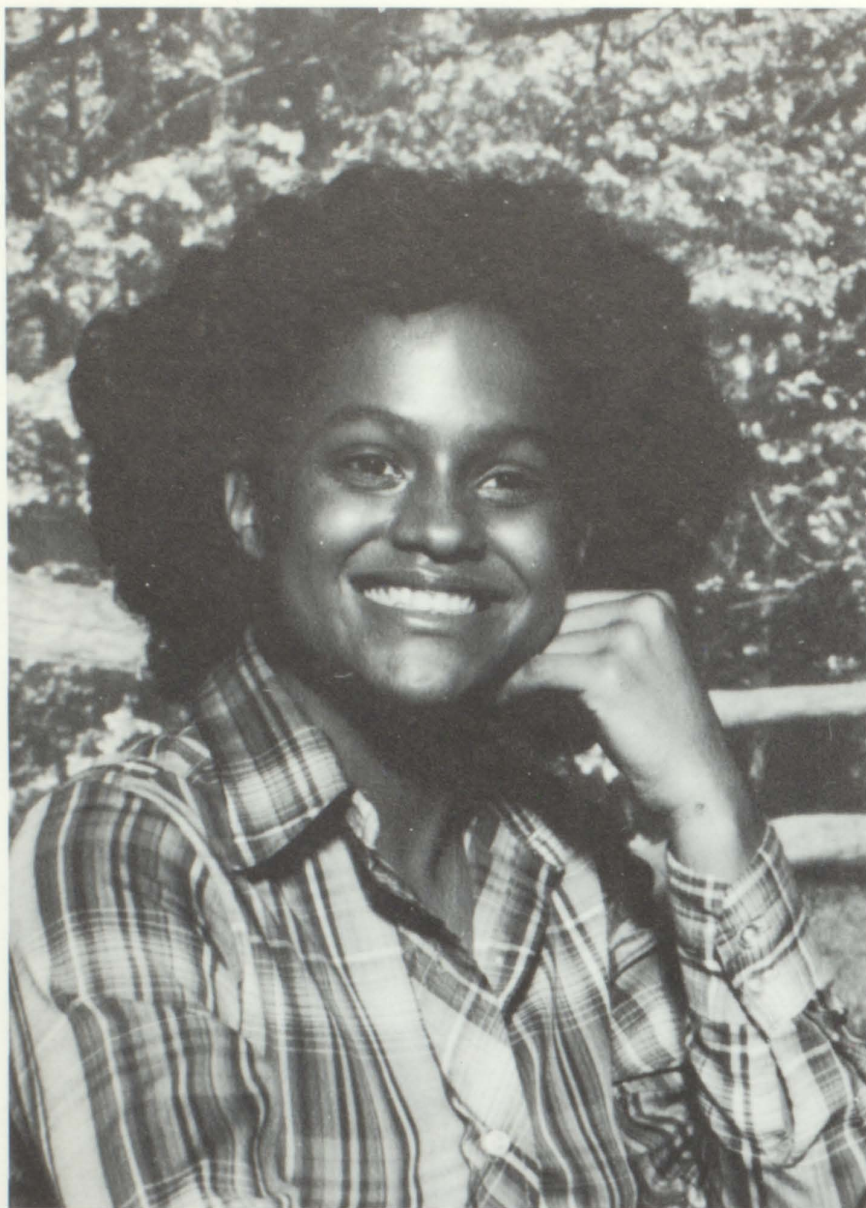

My name is Wilmadean Caldwell and I was born under the sign of Libra. Captain of the cheerleaders at Central, I enjoy the spirit of competition. I have modeled in fashion shows and enjoy discos, shows and traveling. My big ambition is to become a successful Fashion Designer. I wish a world of happiness to the faculty and senior class at Central High.

Miss Senior

Born under the sign of Pisces on March 7, 1963, I was named Lori Green. I have many interests, some of which include modeling, which I do in my spare time, going to movies, shows and parties. I also have a fondness for travel. At Central High I had the opportunity to become involved with Track, the Drama Club and Year Book Staff. Despite my very busy schedule I try not to let any of these activities interfere with my school work. After graduation I would like to attend Fairleigh Dickinson or Kean College. My ultimate goal is to become a successful lawyer. Success and happiness is also my wish for all those before and after me at Central High School.

Miss Junior

My name is Cassandra Lomax but I'm better known as Kissy. I was born September 26, 1963. I am a Libran and I am 17 years old. I like cheering for Central High School. I am a Co-Captain. I like the Dallas Cowboys. Also modeling in fashion shows. I model for F.B.S. When I graduate from Central I am going to work. At twenty I hope to get married and have two children. Eventually I want to be a professional model.

Miss Freshman

I am Kim Dowdell better known as Kareemah and I'm proud to attend Central High. I'm living under the sign of Scorpio. I'm a flagtwirler for Central and it's fun. In my senior year I hope to become the Captain. My goal is to attend a training school to learn different languages. I want to become an airline stewardess. In my spare time I like modeling, going to shows, discos and the movies. I'm looking forward to a very successful future.

Miss Sophomore

My name is Sharon Baker. I currently reign as Miss Sophomore. My hobbies include reading, roller skating and tennis. I am presently a member of a social organization called La Fam. During my two years at Central I have been actively involved with the fund raising committee of the Student Government. Next year I hope to become a member of Central High's Pep Squad. Upon graduation I hope to pursue a career as a legal stenographer. I wish the best of luck to the 1981 graduating class at Central High School.

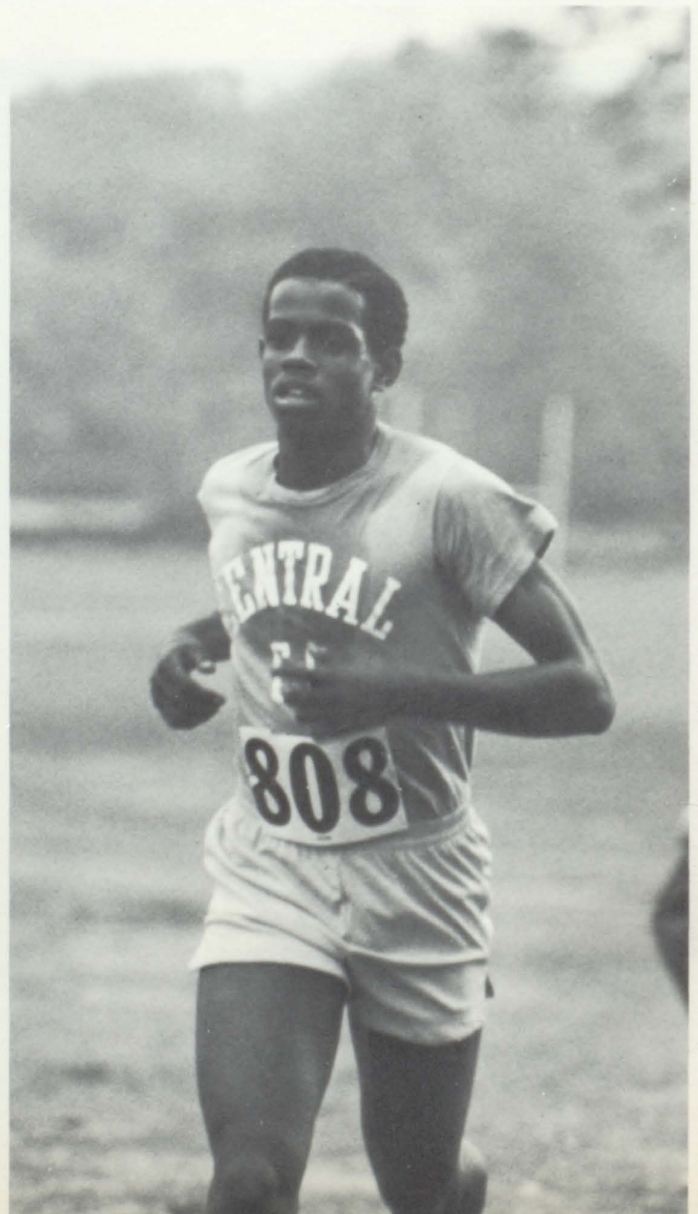

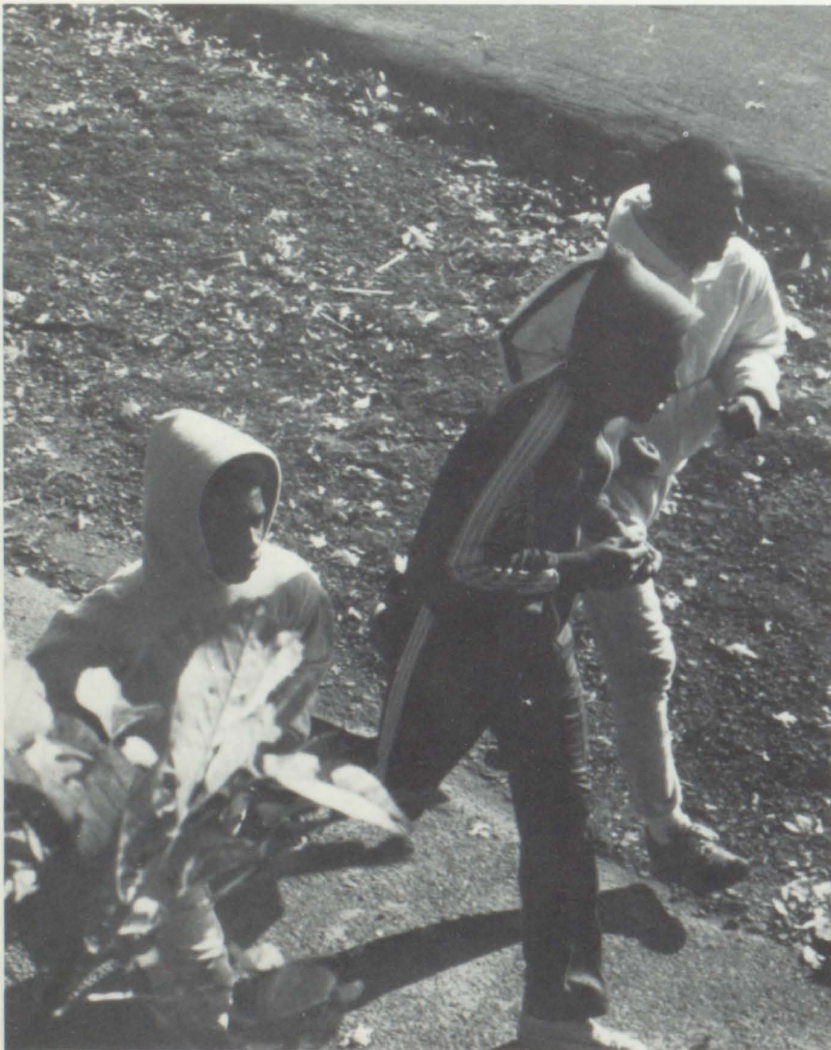

The Fleet Feet of Carline

Guided by the fleet feet of Carline Reed, the Central High Blue Devil Cross Country team had a splendid season, according to Coach Steve Cole. Carline's tremendous accomplishments during the 80-81 seasons were; third in the city, high placements in the county and a high twelfth in the state. If anyone has left a legacy it was Carline. Fellow senior Leonard Mitchell also played an important role in the team's success this season with high placements in the city, county and state. Coach Steve Cole is hoping to fill the shoes of Carline and Leonard with the talented up and coming underclassmen on the team.

Wet 'n' Winning

Team aquatics at Central High has been on a constant up-swing for the last three years. Each swimmer has proudly accepted the challenge of practice and performance to a level of strong desire. Each is eager to win and represent Central. This is quite evident because Central has captured three city league championships in the past three years. We have overcome many obstacles and are proud to claim the title Central High Swim Team. We expect our success to continue to grow.

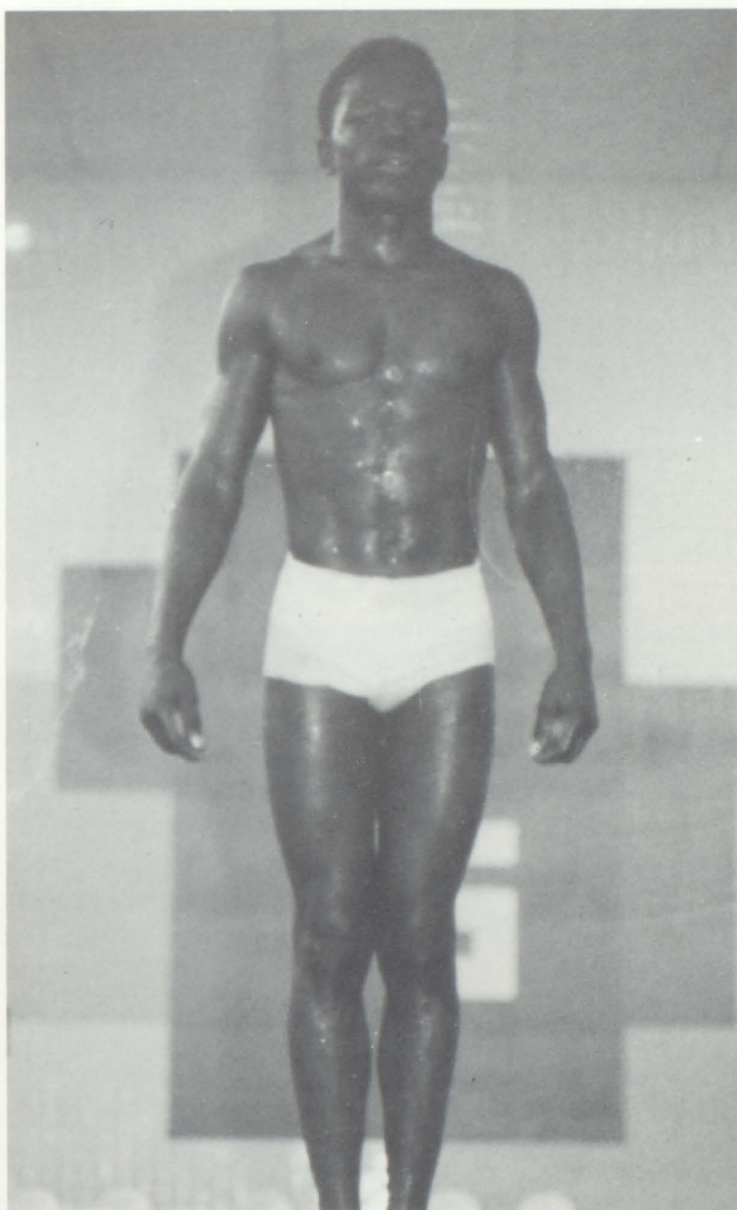

Marvin and Kevin Inspiration

Marvin Fitzpatrick

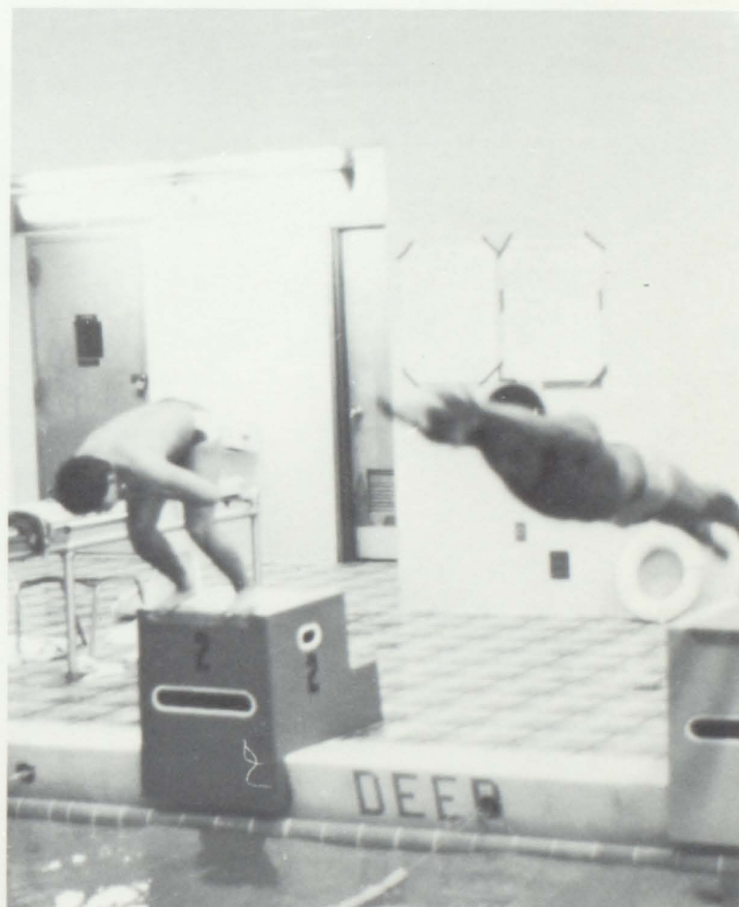

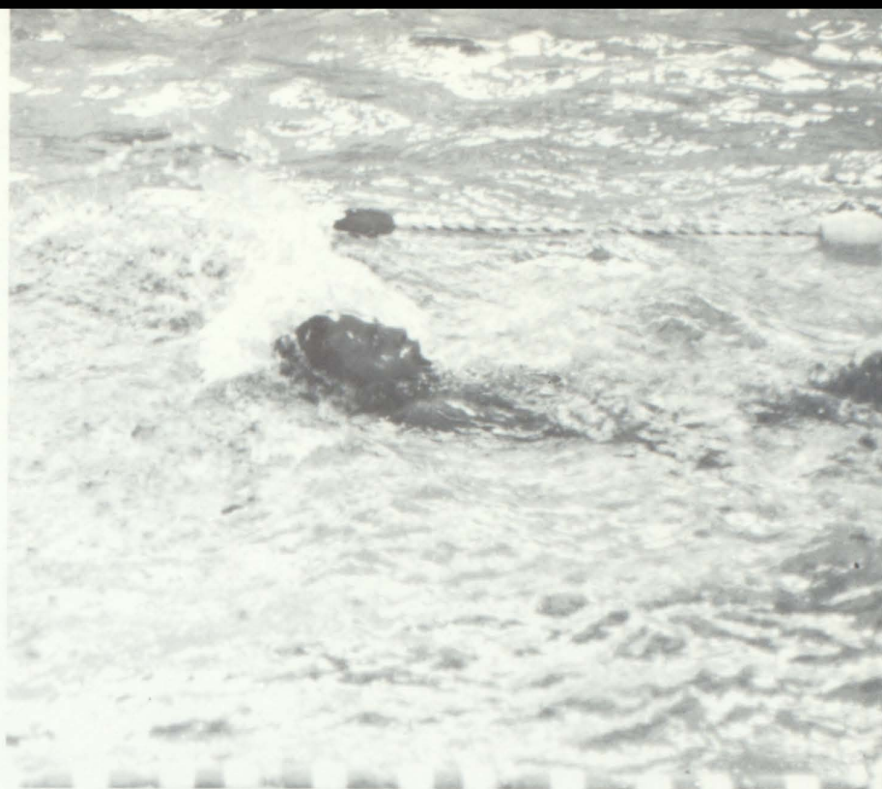

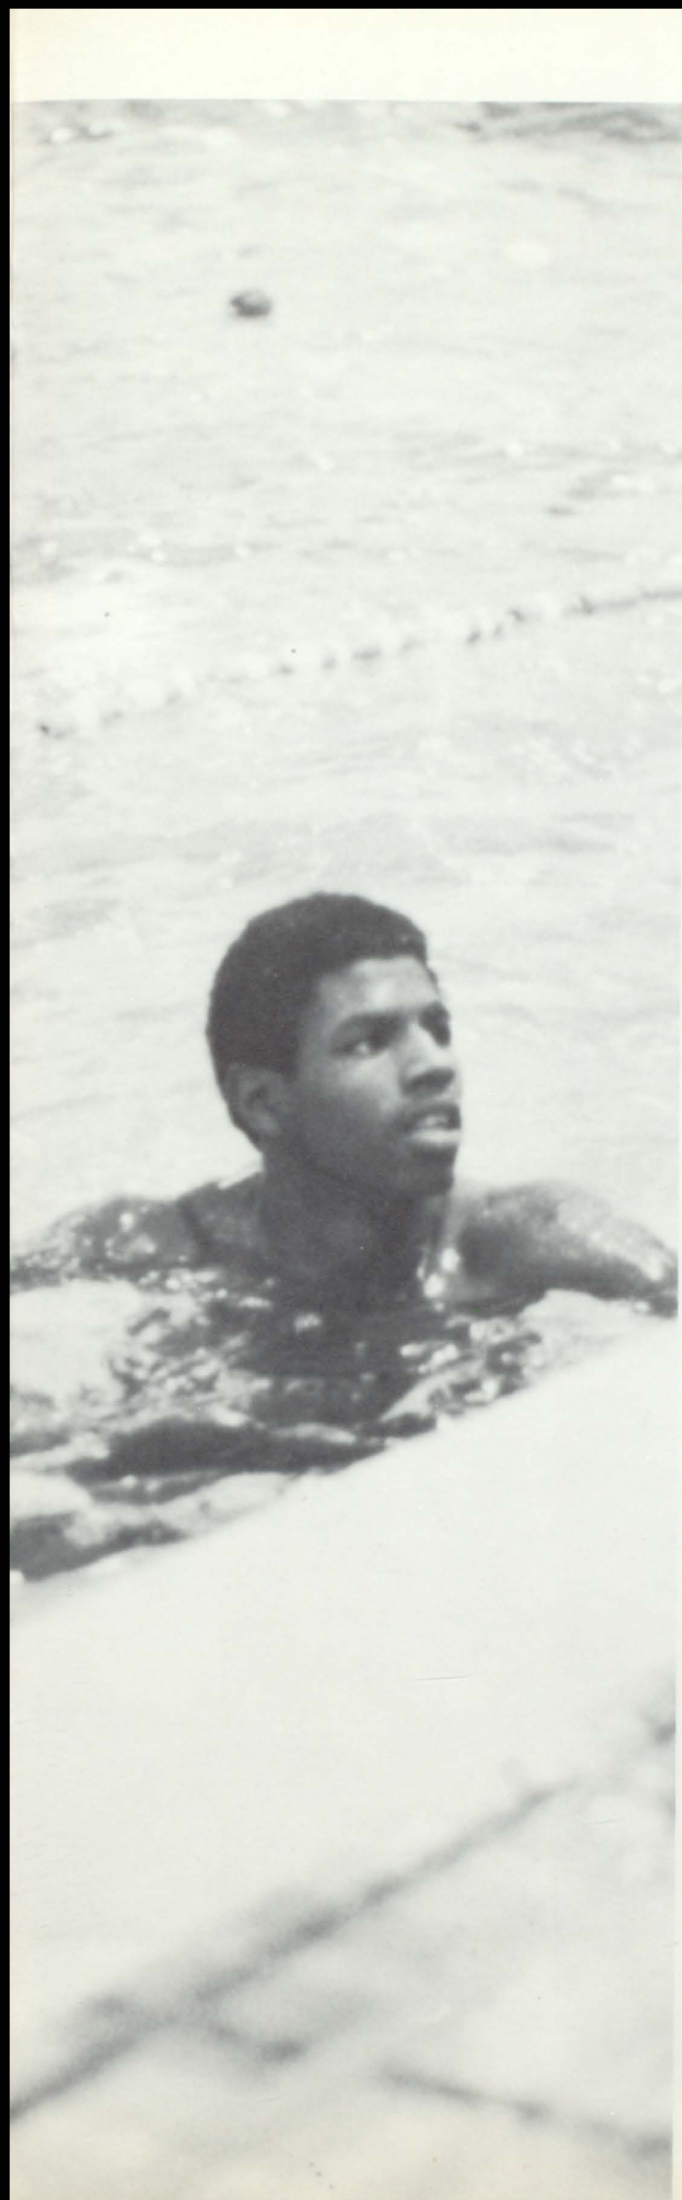

In all the years of competitive sports at Central there have been those who have earned the title "Exceptional Athlete." Marvin Fitzpatrick is one such person. He has earned this through his academic awareness and his true competitive spirit as a Central High Blue Devil. The past four years Marvin has diligently and clearly exhibited a relentless quest for education in swimming. He has endured an immense number of grueling practice hours which have aided him to victory in the following events; Butterfly, Free Style, Breast and Backstroke. We at Central will surely miss Marvin Fitzpatrick.

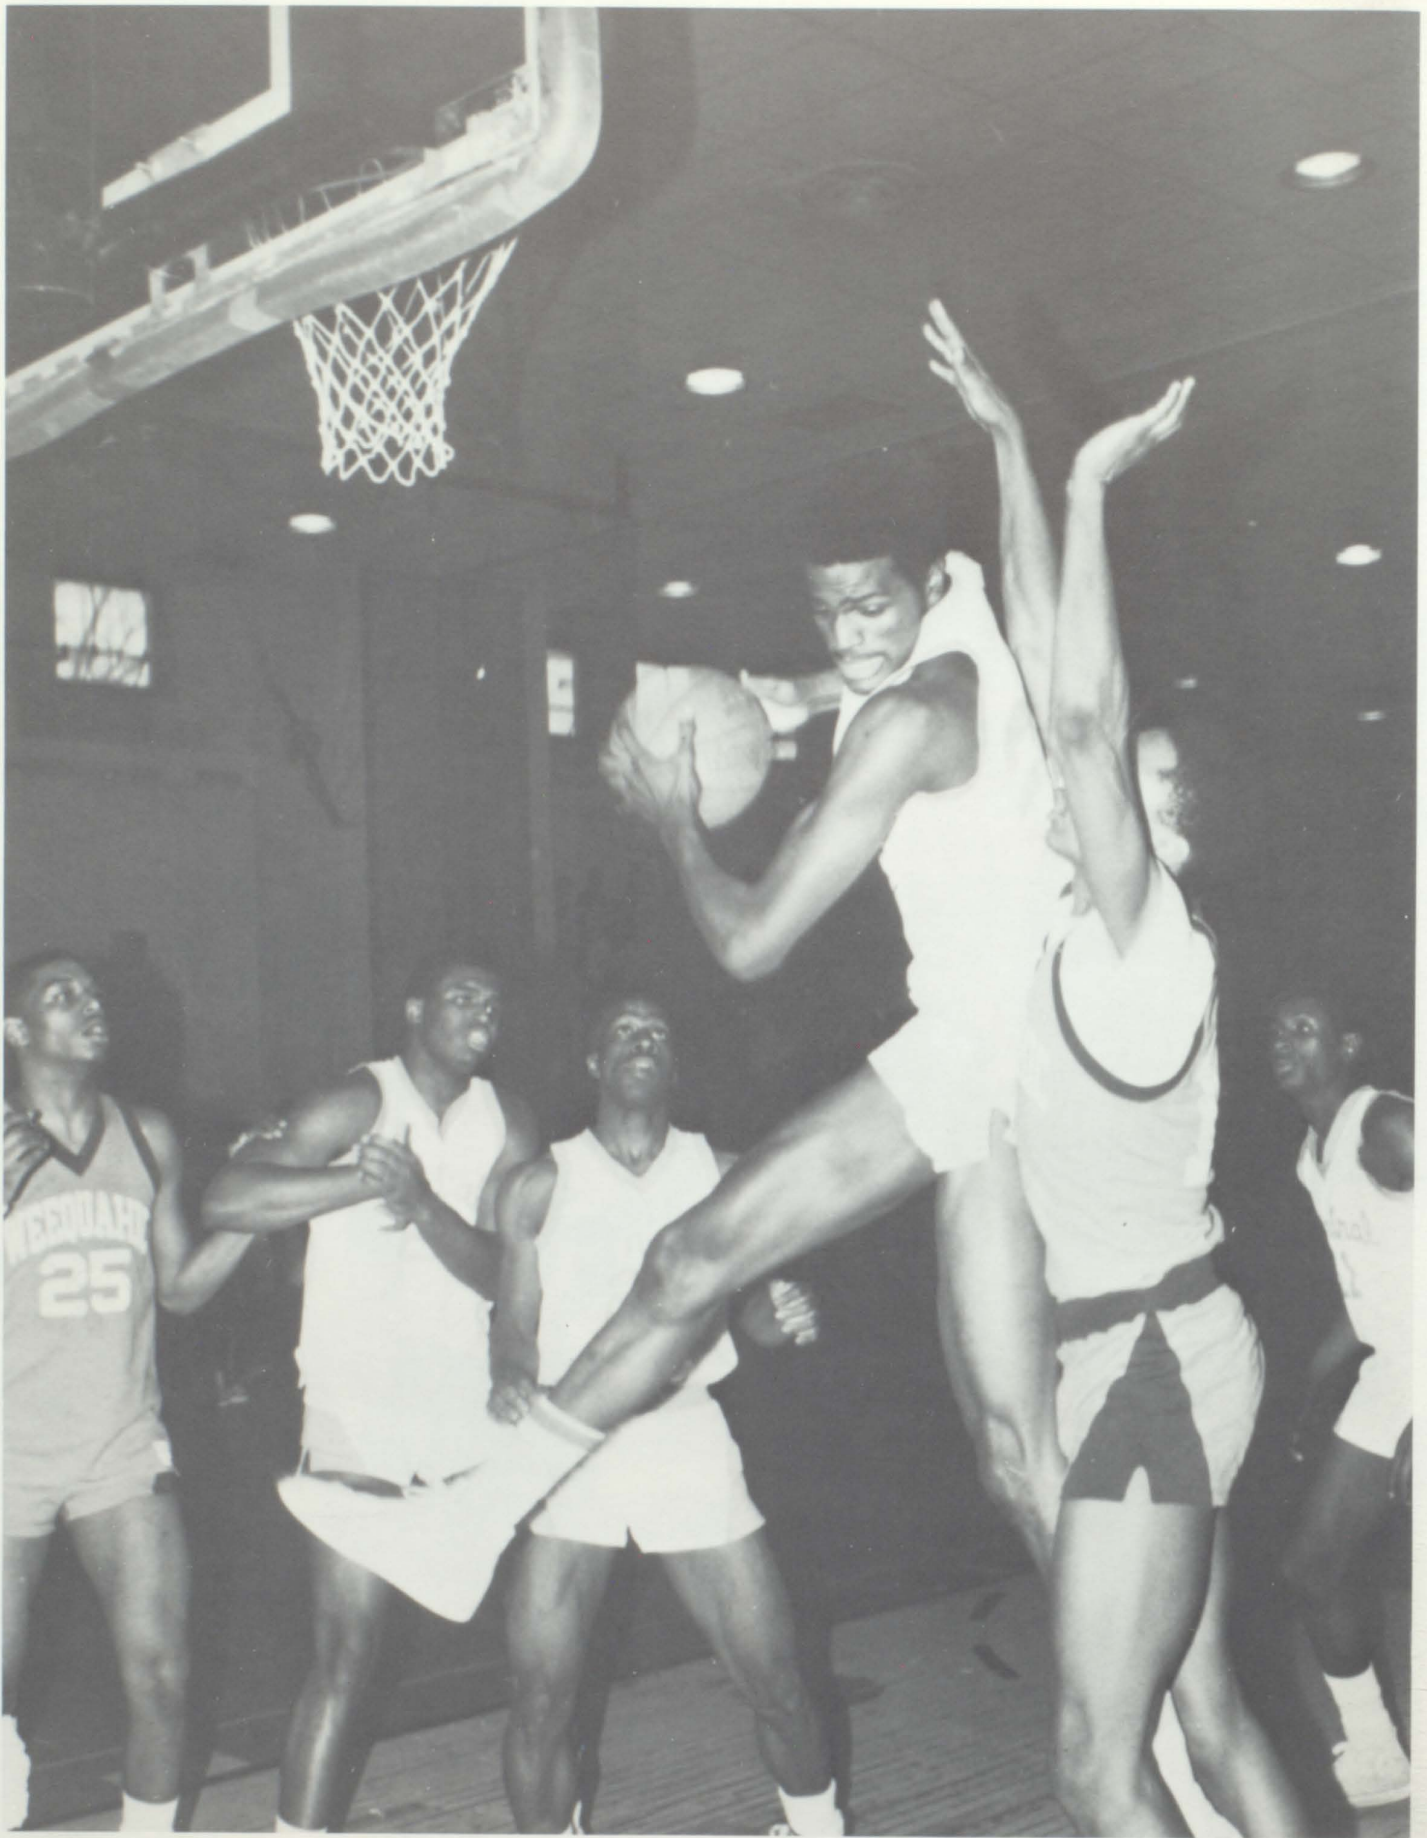

Kevin Pickett

Kevin Pickett is a student who participates in as many activities and events as possible. He has participated in several fund raising and afterschool programs. He is a great athlete. Kevin has added his athletic abilities to the hockey, baseball and swimming teams. His example is one every student should follow. Kevin has greatly added to the success of the Swim Team at Central. Also he is a person who is always lending a helping hand to others. We at Central wish Kevin Pickett much success and happiness.

Clark, Mosley, Winston Ignite the Team

The catalyst of this year's powerful Blue Devils basketball team consists of Larry Clark and Darryl Mosley. All Stater Larry Clark pulls down an average of ten rebounds a game. His "tomahawk" style of dunking brings the fans to their feet. Intimidation is an integral part of his game, just as rebounding and dunking are. Wizardry is the best word to describe the play of Darryl Mosley. His slick ball handling and deft passing has befouled many opponents. This diminutive magician has dished out a record number of assists this season. The front line con-

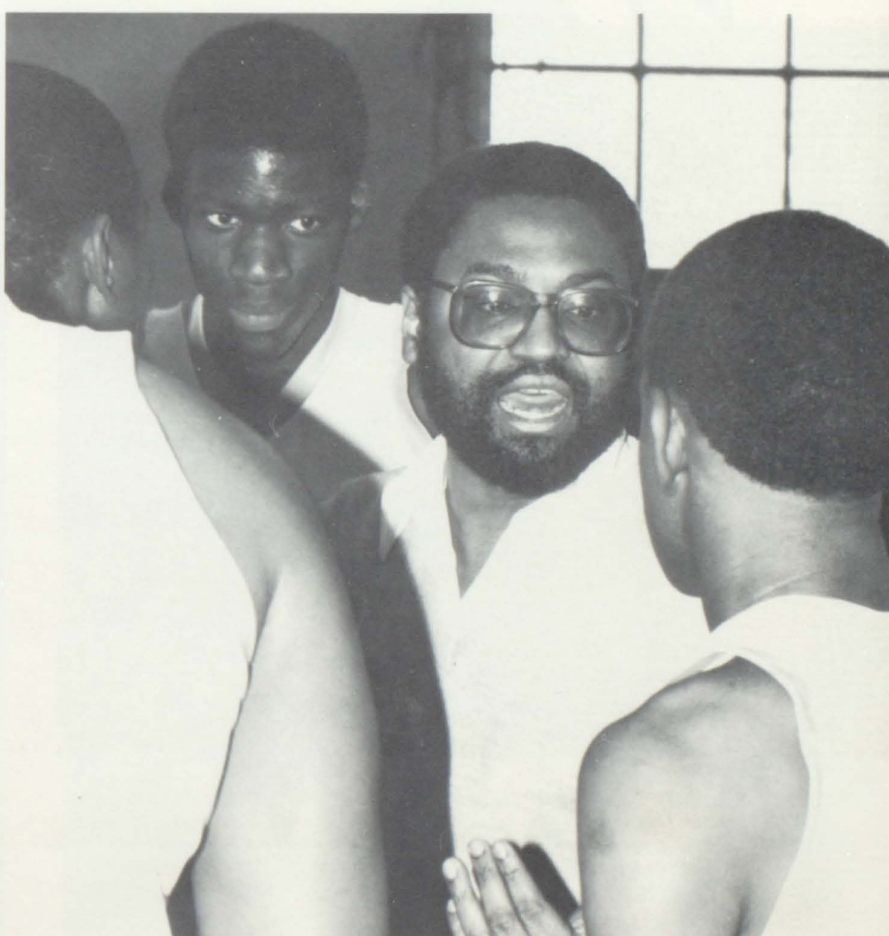

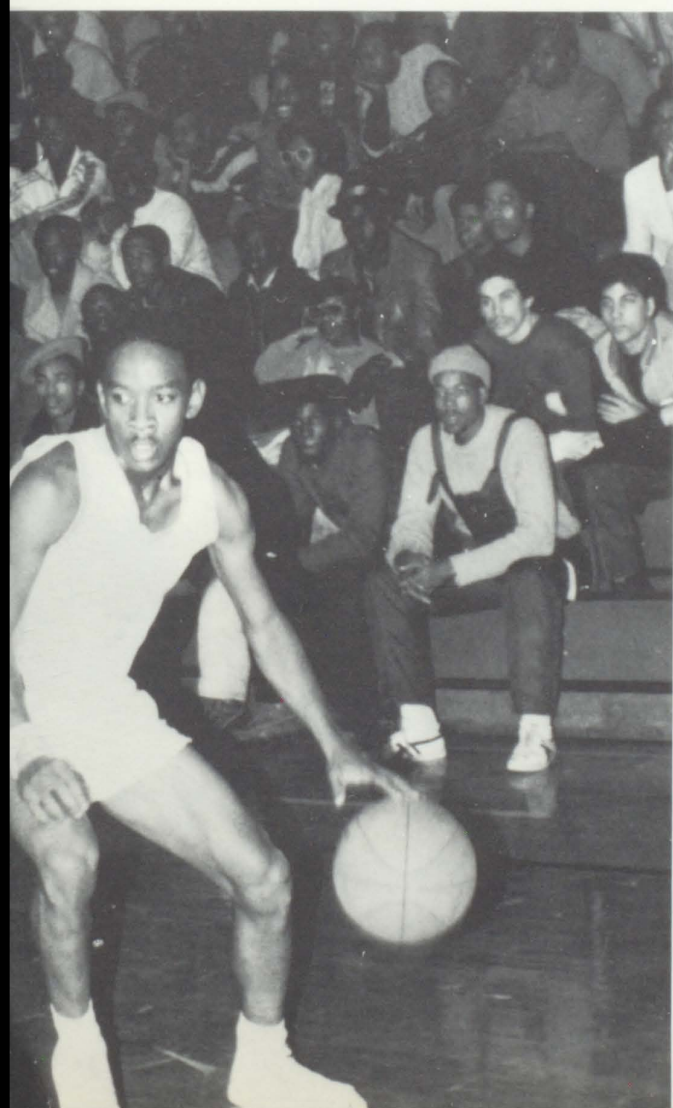

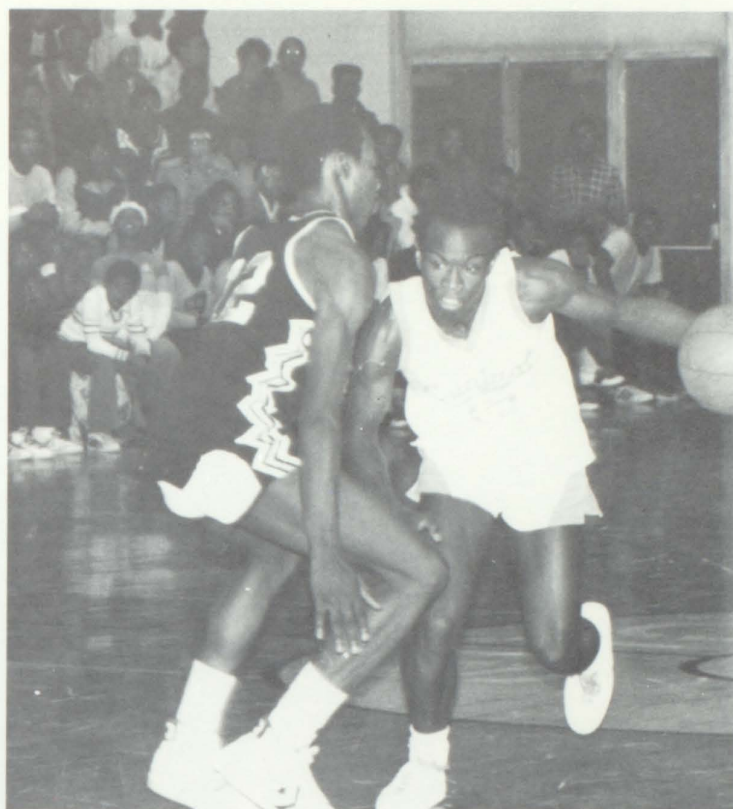

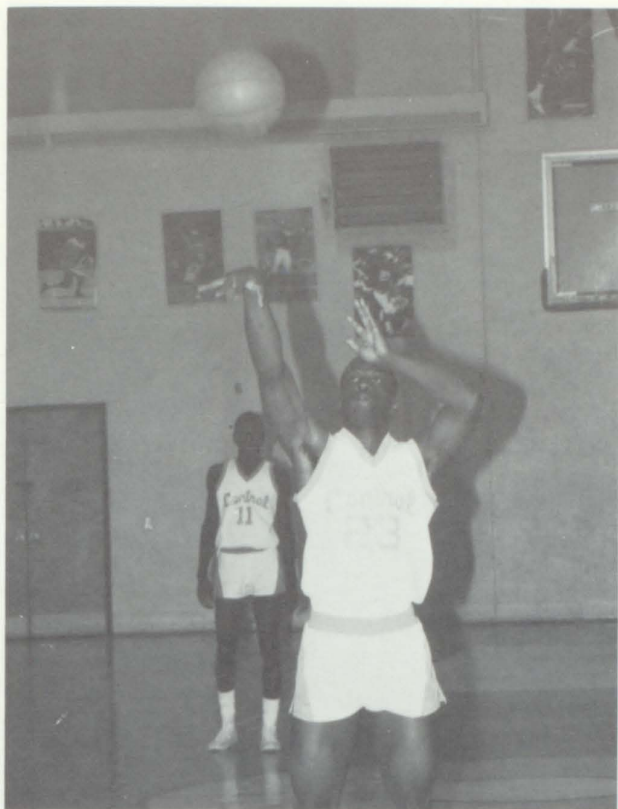

sists of all state forward Eulice Winston and super junior Derrick Howell. Eulice paced the mighty Blue Devils in scoring with an eighteen point average per game. The backcourt tandem consists of Darryl Mosley, Darnell Bryant and Kenny Murphy. Larry "Tinkerbell" Clark is the big man in the middle. Under the guidance of coach Walter Daniels, this awesome team has compiled a 16-9 record this season. The Blue Devils have aspirations of a state championship this year.

Super Seniors

The super seniors played an integral part in this year's successful basketball season. They brought experience, enthusiasm and competitive spirit to the basketball court with them when they donned their uniforms and sneakers. This was quite evident with two last second victories over Weequahic and Shabazz respectively. Eulice Winston and Micheal Jones were the players of the hour in these two victories. The guard team of Darryl Mosley, Darnell Bryant and Kenny Murphy has dazzled fans all season. On the other hand, Larry Clark's presence on the court made the opposition tremble. These seniors will not only be missed by their coach, Walter Daniels, but also those fans who have supported them all season.

Cheers

Stunts, pyramids, acrobatics, and hard work made this cheerleading season something special. Many fans have the illusion the cheerleaders only cheer at the Saturday football games. In reality they enliven varsity football and basketball games. The winter sports season may end in March but our cheerleaders are still working. Practice and tryouts are held in the spring for the upcoming fall season. These practice sessions are held under the watchful eyes of Mrs. Jacqueline Floyd and Mrs. Claudia DeSalvo, this year's advisors. Swish

This year's girls basketball team was a very coachable group of girls that practiced long and hard hours according to coach Mrs. Margaret McCoy. They went through fundamentals, offensive and defensive tactics along with studying some strategy. Throughout the entire season this team had a positive attitude and they demonstrated this in all their games. Even though there was a small turnout this season the team did get things accomplished. The team was paced in scoring by sophomore sensation Wanda Adams. Her sixteen point average per game is destined to make her an all state selection. The catalyst of this team is captain Julie Braime. She is also a candidate for all state honors.

Pin 'Em Down

There were outstanding records from outstanding wrestlers on the 1981 wrestling squad. Earl Covington, Bernard Dobson, Stephen Conover, John Russell and Leroy Richardson produced winning records in their final year of competition. Coach John Doughty guided this year's team to a third place finish in the City League. Leroy Richardson and John Russell captured city league titles in their respective weight classes. Central is proud of this team and looking forward to winning results again next year.

Halftime

The marching squads of Central High School consist of a rare group of people. They are unselfish in that they give of their time tirelessly, foregoing their other interests to promote school spirit; and they show integrity in that they uphold the social image of Central High School without qualms. These qualities led to the formation of well rounded students, who through their sacrifices, have shown their feelings for their school.

Pep Squad

The Pep Squad is quite an acrobatic group. It was formulated by Mr. Lomax. The eight member squad is captained by Doreen Davis. This spirited squad performs during football and basketball seasons. They ignite school spirit which is essential for the players to feel school support. Getting an entire student body behind one united front is not an easy task but this group handles the job effortlessly.

Teeing Off

Central High School's golf team is teeing off, hopefully to another successful season. This team has captured four consecutive City League titles. With the nucleus of outstanding underclassmen, Coach Calvin Miller hopes to capture his fifth title. The members pictured from left to right are: Coach Miller, A. Perkins, N. Goode, Principal J. Moore, L. Perkins, J. William.

Francine Propels Team to Championship

The boys and girls indoor and outdoor track team had a stupendous season with Francine Wells leading them to victory. Her competitive spirit has spurred the team on to capture numerous sectional titles. This gifted group of young women and men have managed to ignite school spirit with individual as well as team winning feats. Central was proud when they were victorious in the Holmdel Relays and State Sectional Championships. The highlight of Francine's track career took place with her record setting throw in the discus during the City League Championships. The throw of 107 feet defeated her adversaries and set a record throw. Also to be commended for their accomplishments were Julie Braime, Laverne Griffin, Michelle Jones, Donna Miller, Staci Mills and Carlene Reed.

ACTIVITIES

N.J.I.T. Program

These members of the Central High School New Jersey Institute of Technology College Bound Program have participated in the program for four years. This very intensive academic program includes mandatory tutoring and much studying. It trains the student for college work. The students were compelled to take a test in order to enter this program. Student Government Officers

These officers are the nucleus of the legislative body known as the Student Government. Seated: S. Brisita, Secretary. Standing: Q. Robertson, Treasurer, L. Oquendo, Public Relations, J. Caceres, Vice President

Work Study Program

Central's Work Study program is one of many course offerings intended to give our young people an opportunity to prepare for the world of work. Students enrolled in the program spend half of each school day in classes and the other half working in businesses in Newark. Students work approximately 20 hours each week and are paid the prevailing rate of pay by their employers. After graduation many of these students remain on the jobs as full time workers. The work study program is only open to 12th grade students and selection to the program is determined by the individual's academic performance, financial need and potential to succeed on the job.

Hostess Club

School functions are made more intimate and home like thanks to the members of the Hostess Club. It is headed by Mrs. Hobbs. These Central High students even go so far as to don their aprons and bake cookies for our guests. They actually serve as the school's official hostesses for events such the Parents Teachers Association and various other school activities. These young ladies receive an invaluable learning experience in protocol and etiquette. It is an experience from which they can draw for many years to come. The members of the 1981 Hostess Club include — from left to right — L. Trent, K. Pickett, G. Bailey, B. Satterfield, C. Butler, V. Williams, S. Barber, Mrs. Hobbs and H. Bowles.

Future Nurses Club

The main feature of this club is in the line of guidance preparation for testing, writing letters of seeking character references and discussing the types of nursing programs. The Future Nurses Club also affords the student participant an opportunity to have exposure to the nursing profession on all levels and aids the student in actual future career selection.

S.T.L.

The Sky's the Limit is one of the newest organizations here at Central High School. It has only been in existence for the past few years and the senior class has been together for two years. The Sky's the Limit is an organization that helps foster social as well as academic maturity. Members learn and grow together and this brings inter-relationships into their important perspectives. Together we have visited museums, colleges and theatrical productions. The benefits of such a program are countless and we hope this fine program will continue to grow and prosper at Central. Preparing for the world outside of school is what high school is all about and no program has done it better for us. We are, Left to Right, First Row: D. Moore, R. Toew, L. Green, B. Sullivan. Second Row: D. Cordero, V. Kelly, M. Jones. Third Row: C. Gautleaux, S. Richardson, T. Wilder, L. Champagne

Chorus

The Chorus at Central High is full of much desired talent. Under the guidance and leadership of Mr. James Weston the group of young adults truly lifts every voice to sing. Their sound is harmonious and delightful. They help the student body feel enthusiastic about the seasons and other routine events. The Chorus brings joy and merriment to every occasion which they accommodate. They serenade the hearts of each and every one in their audience.

Show Stoppers

Central High may never be the same again after this evening of tantalizing entertainment. The sound of acapella was the first course on the menu. It was performed by the Do Whopping Blue Devils. Then entered Wilmadean Caldwell and her dance troupe, consisting of Barbara Carter, Annette Kolange and Yolanda Williams. They tantalized the audience with extraordinary rhythmic movements. The smooth and sensual sounds of love ballads were performed by a charming duo of Carl West and Yvonne Baldwin. Michael Bronson and John Huff humored the audience with their comical skit. The show stoppers were Central's own Supremes. This stylish group performed a melody of the original group's previous hits. This group consisted of Mrs. Gail Yates, Mrs. Juanita Hobbs and Mrs. Jacqueline Floyd. Their performance was outstanding. The other very talented participants were Donald Dula, Lisa Henderson, Tonia Hill, Lillian Oquendo, Priscilla Cousar and Cecilia Butler.

Winter Wrap Up

"Winter Wrap Up" for 1981, with its refreshing new designs of elaborate colors was a stunning success. On Feb. 6, 1981 Central High was rocketted into a fashion explosion. Four designers added an extra-terrestrial magic to the air. With the garments of 1981's Winter Wrap Up, the show was a huge success. The deservedness of this went to the very gifted models. The proceeds for the affair went to Central's baseball team. Both show and team were headed by Mr. Gerald Battaglini.

In the past few years the National Honor Society has consistently widened the scope of its activities and this year's group is no exception. No longer just an honorary association, the society performs valuable services for the school. According to Mrs. Reed, this year's advisor, the members of the organization tutor students who have deficiencies in certain subjects. Membership of the National Honor Society is based on scholarship, service, leadership and character. Each student has to have a minimal grade average of 3.0.

MOST TALKATIVE

We may be few in number but we make a lot of noise. We possess an attribute that many others do not. That's the gift of gab. There are many reasons why we deserved this title. One, we have many thoughts to express; Two, we are determined to get our points across. Three . . . Oh well, they threatened to leave us out of the book if we don't end it *now*.

Rumors of Humor MOST WITTY

There are rumors that these few students spread humor wherever they go. Whenever or wherever this zany group of comedians get together there is guaranteed to be laughter. In the classrooms, corridor and cafeteria, laughter rings out when one of them is on the scene. So there is truth to the rumor, these students do spread humor.

All Stars MOST ATHLETIC

Braime, Clark and Wells are synonymous with sports just as Nike, Wilson and Adidas are. These stars and fellow sportsmen exemplify proficiency and competitive spirit in the sport which they excel. Central High is proud to have these gifted, athletic young men and ladies on their list of 1981 graduates. The title All Stars does indeed befit them.

Friendship

MOST POPULAR

There are as many reasons for picking a friend as there are friends. Some of us need friends to boost our ego, help us when in need, give advice, get advice, lend a hand, give a hand, etc., etc. Some people for whatever reason find themselves among many friends. These popular few are smiled upon by most all that meet them. It is hard to say what separates them from the rest of the crowd except maybe their kindness and charisma. These students have been chosen by the class of 1981 as Most Popular.

Cog 'N Pen Staff

Dedicated and creative are the best words to describe this year's Yearbook staff. Under the direction of Mr. Robert Fuller the staff has come up with a unique production. They have accentuated the positive and managed to include all who were interested in being included. Their hard work and aesthetic ideas have produced a most timeless treasure. The staff included such talented persons as: D. Williams, L. Wardrick, C. Reed, M. Lumford, A. Kolange, B. Carter, D. Dula, L. Green, W. Caldwell, D. Harvey.

School Days and Teenage Nights

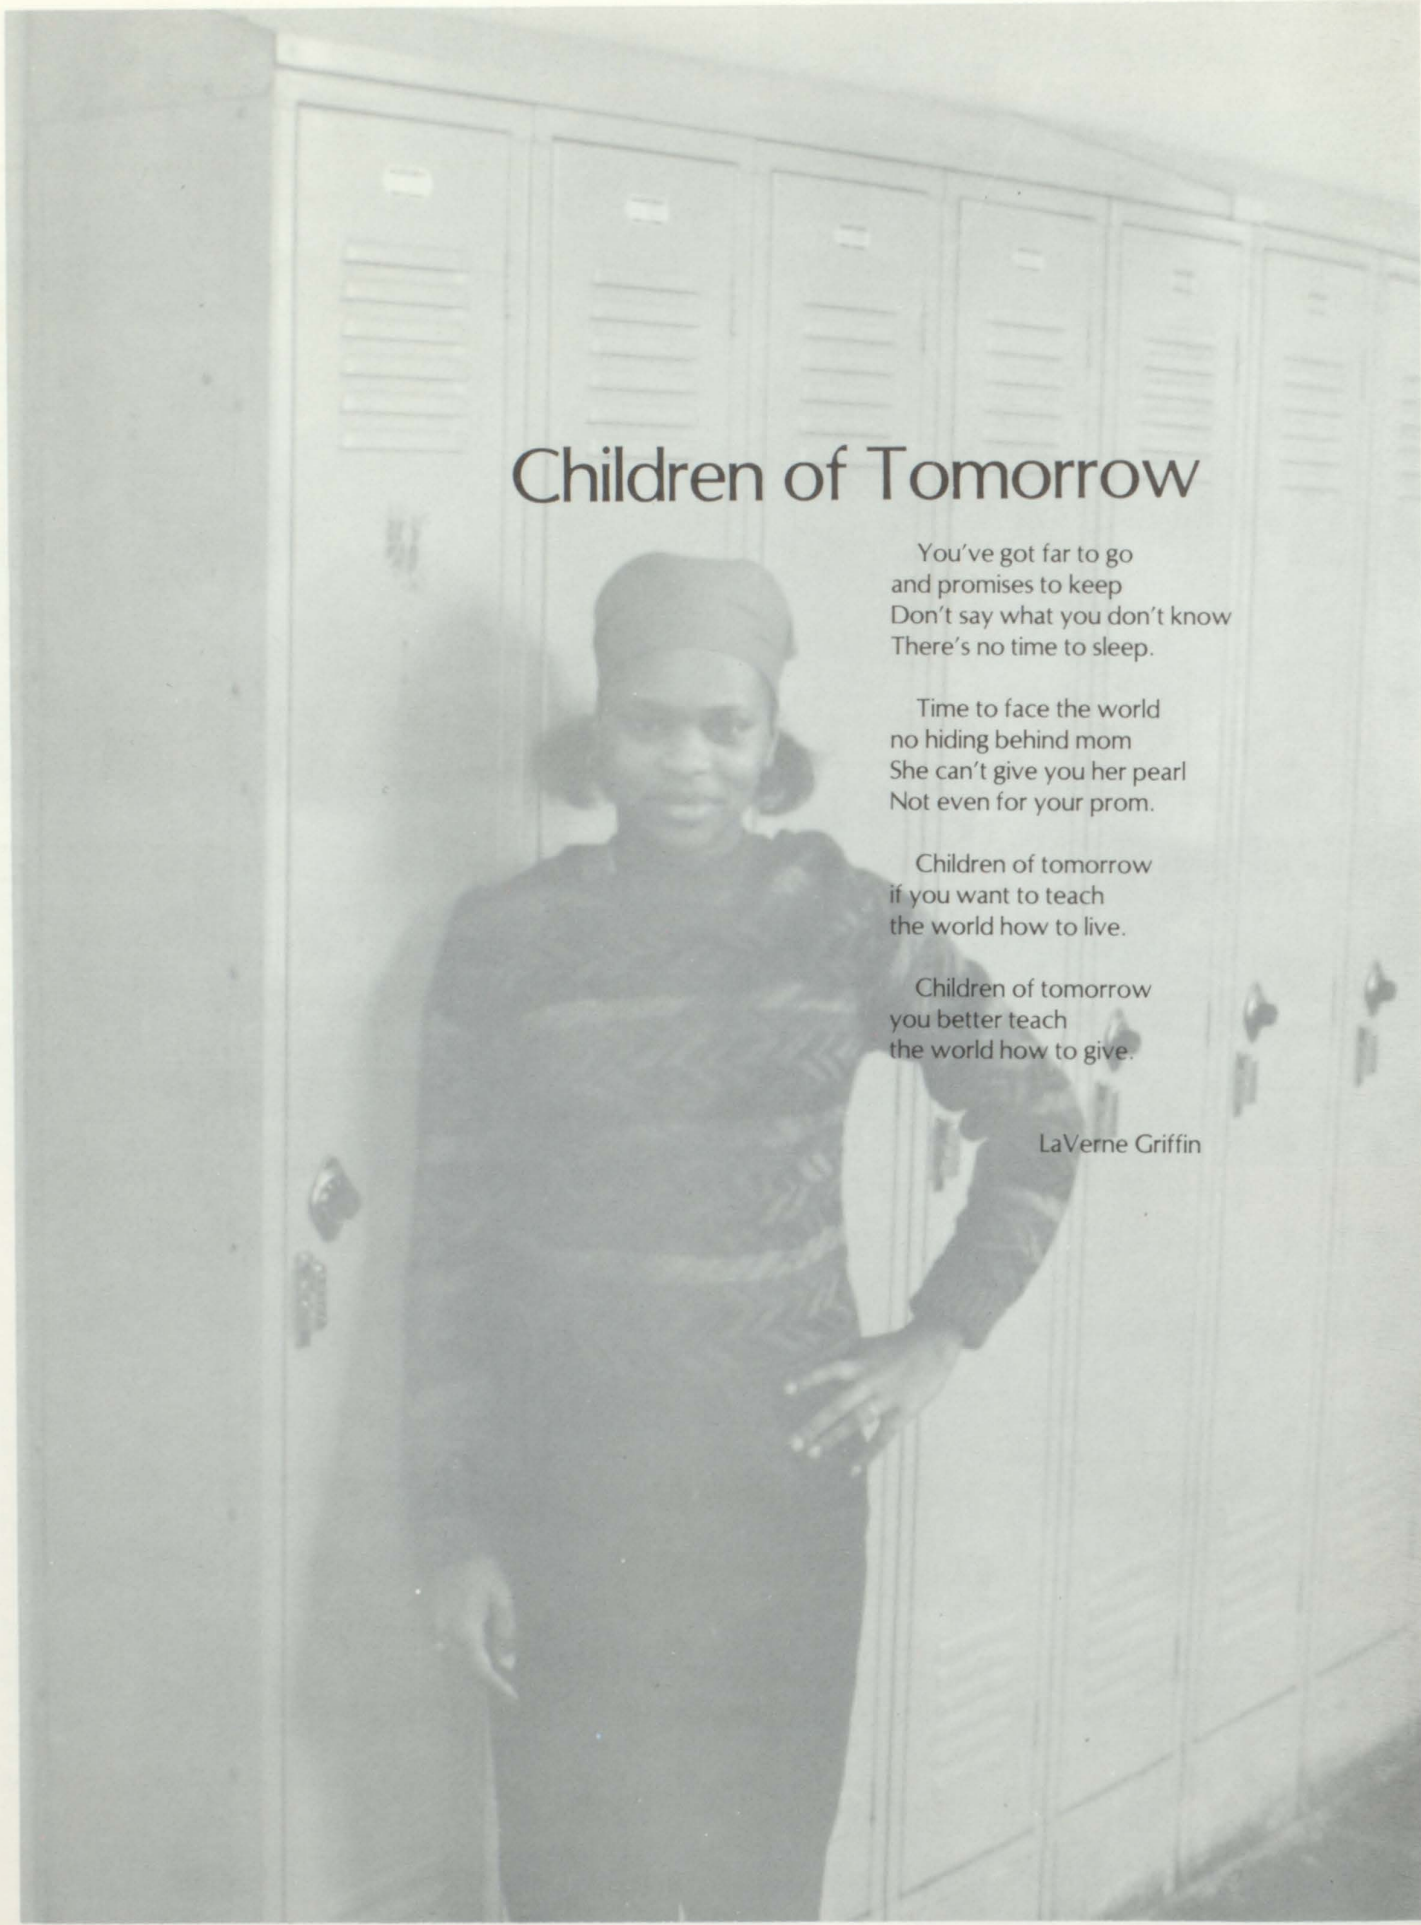

Pondering thoughts, dreaming dreams,
Going to discos, devising schemes,
Planning parties, taking tests,
Always remember, never forget.

School days and teenage nights,
Riding mopeds and motorbikes,
Watching T.V., Broadway shows,
Where's the time gone? No one knows!

Chasing guys and acting wild,
Your parents still treat you like a child
Home by ten-thirty, asleep by eleven
Up in the morning for school by seven

Graduation comes at last.
We reminisce about the past.
Our high school days have been the best
Always remember, but never forget!

Children of Tomorrow

You've got far to go
and promises to keep
Don't say what you don't know
There's no time to sleep.

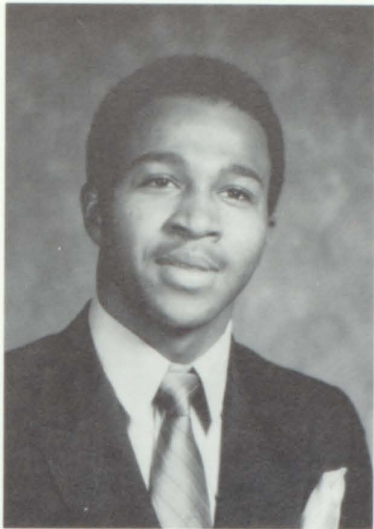

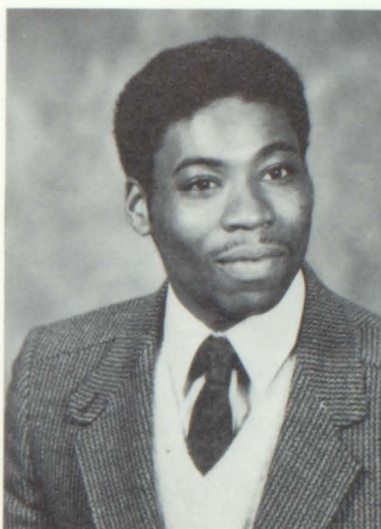

Time to face the world
no hiding behind mom
She can't give you her pearl
Not even for your prom.

Children of tomorrow
if you want to teach
the world how to live.

Children of tomorrow
you better teach
the world how to give.

Friendship

In the years before we all met,
the friends we had were few.
We always wished that we would have
a friend as dear as you.

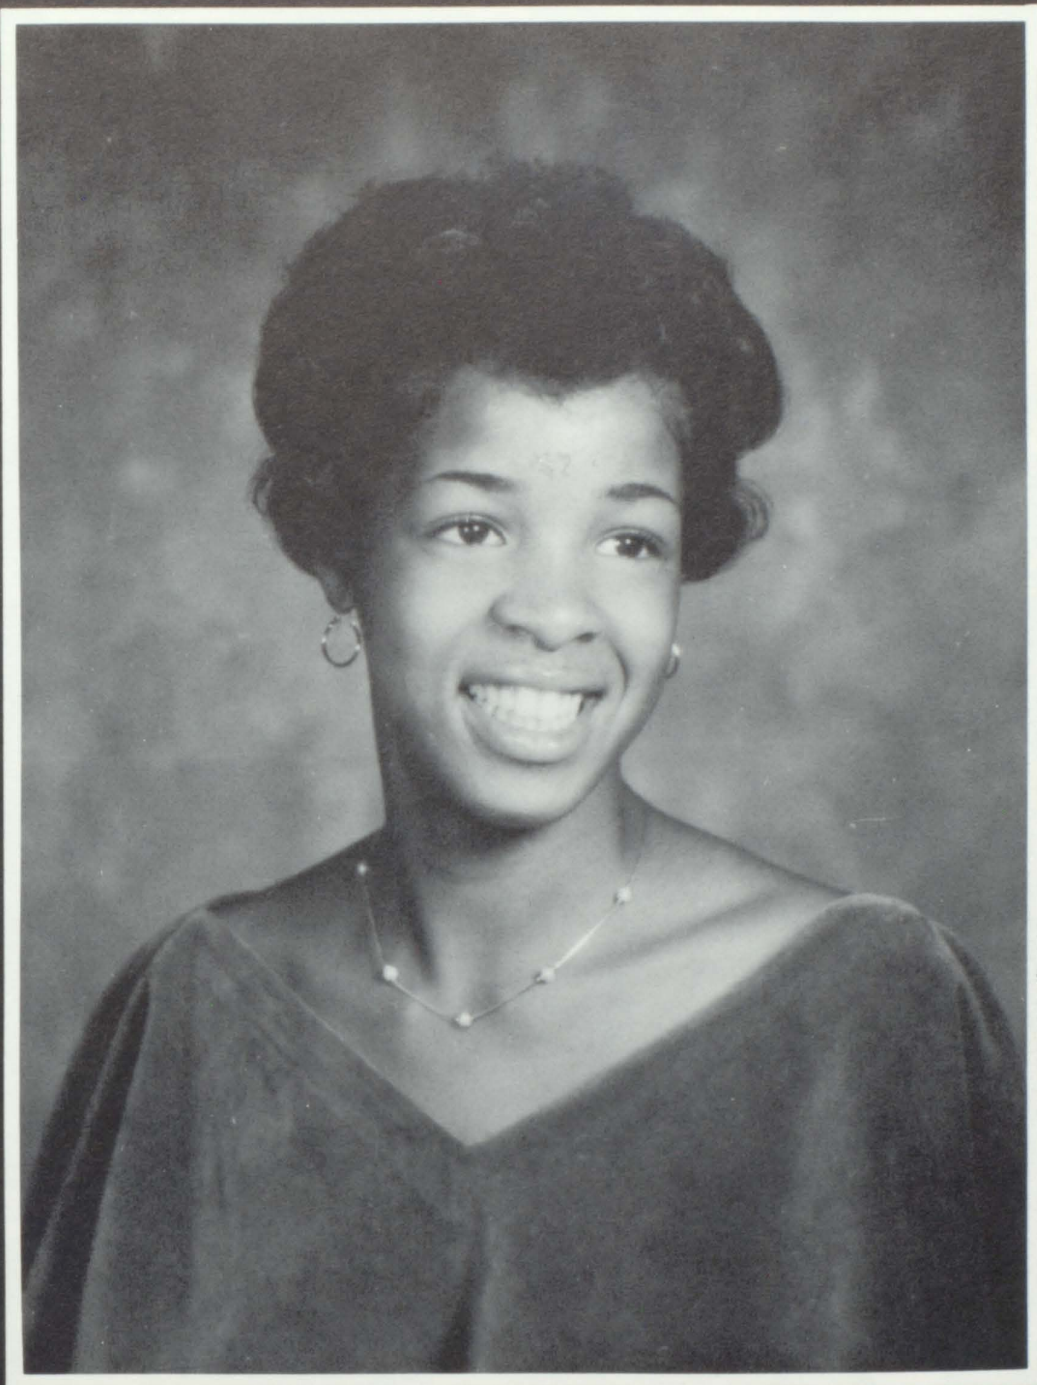

We knew we had to find a way,
to show you that we cared.
So we thank you in this special way,
for the friendship that you shared.

We're glad Regina you were here,
to help us along the way.
We never even had a fear
that you would go away.

For that day has appeared,
for you to say good-bye.
We all have become so full of fear
trying hard not to cry.

Now we look upon the days,
of the friendship that we shared.
and everything you did for us,
showed us that you cared.

We, the "Class of 1981", dedicate this book of memories to Regina Hill, a dear friend and classmate whom we shall not forget.

Where do we go from here
Your future is around the

bend, Strive for it to the
end, All accomplishments
big or small are great, If
it can be done, why can't
I do it. Any desire can be
fulfilled. One who
strives for perfection does
well, no obstacle is too
great to overcome, every-
day is a new awakening,
life is meant to be lived.
